

CHILL OUT

ROBO-NEWS

Tuesday, February 7, 2012

Shop Hours for this week: Mon. –Fri.: 2pm-8pm, Sat.: 10am-8pm, Sun.: 10am-5pm.

Seattle Regional Dates are: Thursday, March 22, Friday, March 23, and Saturday, March 24, best times to view the competition is Sat. from 1-4pm.

St. Louis Nationals are: St. Louis dates are approximately April 26-29. **Parents, we need commitment by Wednesday 2/8** regarding your student attending St. Louis. Cost is approximately \$500 per student (plus food). An email regarding details will be sent soon.

CAD: This team has worked on frame design for chassis. Work on the lift has started, with plans for more ideas.

Programming: This team has finished the targeting system and it is improving. They have the gyro working now and have started testing. They have an encoder set up to focus on the angle of the turntable for a pre-programmed angle.

Shop: This team has started working on getting parts and prototypes up and ready. Also, starting main ball lift, parts organization and ordering/logging.

Electrical: This team is working on wiring the prototyping board. The wired turn table is finished.

Publicity: This team has been planning shop tours for Wednesday, Feb. 15 at 6:30 and Saturday, Feb. 18 at 2:00. Parents! You are invited to come on our tour! Also, they have been planning and thinking about community service projects for later in the year.

Website: This team is currently working on reformatting the website. Hoping to fix errors and finish updating

Safety: This team has made up an incident report so any and all injuries can be recorded.

Parents please visit us at any time!
